DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to say a few words that you may use for publication," writes Mrs. J. R. Downes, Crystal Lake, Conn. "Had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness between shoulders. Some days cared but little for food; I lost flesh; felt so tired and miserable it seemed I couldn't do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery,' and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing *only* and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer — weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

THE VATICAN OFFENDED.

Vatican circles are said to be alarmed at the probable effect of Miss Alice Roosevelt's recent visit to the Philippine Islands. A report just received from Mgr. Agius, the Apostolic Delegate in the archipelago, details the circumstances of the visit, which are considered at the Vatican unfavorable to Catholic interests in the new American possessions in the far East.

This report leads the authorities to think Miss Roosevelt made too much of the personal call made upon her in Manila by the schismatic Archbishop Aglipay, who took the first opportunity to pay his respects. Several dignitaries of the Roman Catholic Church were present, but it seems that Miss Roosevelt's conversation was monopolized by the schismatic prelate, while the members of the Roman clergy stood aside and looked askance.

Matters went even farther, and the President's daughter permitted herself to be photographed side by side with the greatest enemy the Roman Catholic authorities in the islands have or ever will have.

Naturally much displeasure is felt, though the incident is attributed to the lack of diplomatic training of the American President's daughter.

The very fact that the schism has lost to the Church of Rome hundreds of priests and thousands of communicants in the archipelago it is claimed at the Vatican, ought to have prevented the Taft party and the civil officials of the islands from extending to Archbishop Aglipay more than the usual courtesies, instead of allowing him a preference over the Catholic prelates, which the Vatican regards as unwarranted.

It is greatly feared in Rome that the extraordinary courtesies shown Aglipay by the American President's daughter will have a damaging effect among the natives of the islands, many of whom are already at odds with the church authorities, and that it will encourage Aglipay's followers in their rebellion and defiance.

Pius X was upset for several days after hearing of the affair, and is said to have remarked that just when he was about to write a personal letter of congratulation and praise to President Roosevelt for his successful efforts in behalf of peace, as many European sovereigns have already done, this complication will make him postpone a cherished duty until some explanation of the whole affair is forthcoming.

SHAM BATTLE.

The Grand Camp of Confederate Veterans of Virginia will hold its next annual meeting in the city of Petersburg on the 15th, 26th and 27th of October. For the entertainment of the Grand Camp and visiting veterans, A. P. Hill Camp of Confederate Veterans of Petersburg have determined to have on Thursday, the 26th of October, a sham battle by the Virginia state troops on the field of the battle of the Crater, for which purpose an invitation has been extended to the several regiments and other organizations of these troops.

A special committee of A. P. Hill Camp is arranging with the officer who will be in command of the troops to have the sham battle conform as nearly as practicable to that part of the famous battle of July 30, 1864, in which the Confederate earthworks north of the Crater were recaptured by Mahone's brigade with some of other commands. The charge of 800 or more young infantry at a double-quick, with the "rebel yell," and arms at a trail from the very place at which, and over the very ground over which, Mahone's men made their charge on the morning of the battle, the charging military not firing a gun until reaching the crest of the hill, but being fired at by the enemy stationed there and along the rim of the Crater as they double-quicked up the 200 yards of hill slope, will present a stirring and striking spectacle, a one well worth seeing. But one not less notable will be the sight of the line of surviving participants who, a short time before the military make their charge, will be formed in line of battle as on the morning of July 30, 1864, and will have a short address rom Col. William H. Stewart, their commander, and then kneel in prayer.

All surviving ex-Confederate soldiers who participated in the battle, whether in infantry or artillery commands, have been invited to be present on Thursday, the 26th inst., to witness the exercises on the battlefield of the Crater.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

FOR OVER SIXTY YEARS.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham:—

"During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Gibson & Timberman and W. F. Creighton & Co.

Numerous and Worthless.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

AND VIRGINIA ADVERTISER

MONDAY EVENING, OCT. 2, 1905.

THE EFFORTS to bring about an anti-Tammany fusion of the republican party, Citizens' Union and the Municipal Ownership League of New York have ended after many futile attempts to agree on candidates. When the Citizens' Union finally decided to insist on the indorsement of District Attorney Jerome, who would not promise to refuse a Tammany indorsement, the republicans decided to go it alone with a municipal ownership plank in their platform. The independent organization will confine its efforts to assisting in the re-election of Jerome. The Tammany bugaboo has ceased to scare intelligent men in New York and though there may be some corrruption in that organization, as there is in others, it gives New York as good government as that city ever has had.

EX-PRESIDENT Grover Cleveland has written an article in which he tells why it would be unwise, in his opinion, to grant the suffrage to women. His principal reasons are that a majority of the sensible and responsible women do not desire suffrage, and that the results of woman suffrage where it prevails are declared to be unsatisfactory. He attributes the success of the suffrage propaganda to the wide development of women's clubs. He thinks further that the suffrage would give the wives and daughters of the poor "a new opportunity to gratify their envy and mistrust of the rich," and ends by quoting these words: "Women change politics less than politics change women."

IT IS said in Washington that President Roosevelt will take up at once, with his advisers, the subject of railway rate regulation, and decide upon the recommendations he will make to Congress. There will be a series of conferences at the White House in the coming week from which the President hopes will come an agreement regarding the character of bill the House of Representatives and the Senate will be asked to pass. The President may propose, but the Senate will dispose of the question to suit itself, and a very liberal bill must be sent to Congress by the President if he really expects any action to be taken on the rate matter.

AN INTERESTING controversy has arisen in Washington regarding the date with which the architects for the House of Representatives office building have inscribed the cornerstone of that structure. As engraved, the stone bears the line "MDCCCCV," whereas many of savans in the national capital claim that it should read "MCMV," and the plain people are asking why it would not be better to inscribe it plain "1905," so that even members of Congress would be able to read the inscription.

PRESIDENT PAUL MORTON, of the Equitable Life Assurance Society, is planning a move which, if executed, will be of far-reaching effect on the financial and securities markets of the country. This is nothing less than the withdrawal of the millions which the society carries at low-rate interest-bearing deposits with banks and trust companies, and placing the money at long time on first mortgage real estate security.

THE State of Oregon has just four members of Congress, two Senators and two Representatives. But one Senator and one member have been convicted of criminal violations of the land laws, and a third Oregon Representative, Binger Hermann, is awaiting his trial for like offenses.

SHOULD Senator Gorman retire from politics, the cartoonists on the Baltimore papers would be out of a job, for their entire stock seems to be Senator Gorman.

Consul Skinner, of Marseille, France, is tired of working year in and year out to build up markets for American manufacturers and then have the American business men come to foreign countries on vacations without giving a thought to foreign trade. He has just written to the Department of Commerce and Labor that doubtless the Department of State will build up an efficient consular service; that trade organizations are doing a good deal, likewise trade journalism; "but these several instrumentalities, if they were absolutely perfect, could not increase our export business without a greatly stimulated practical interest in the subject on the part of individual firms, followed by practical efforts to do something for their own account. The American manufacturers will go to his annual convention," Consul Skinner continues in his roasting, "and vote for resolutions about foreign trade; he may have some vague notion that the government ought to bring foreign trade to his very door; he will write to consular officers for addresses, and he will go abroad to obtain rest, but only in exceptional cases will he take time to seek knowledge about his own private business in the foreign markets in which he might sell his wares."

The Governor General of the Philippines notified the War Department this morning that five officers, one postal clerk, six passengers and 27 of the crew of the coast guard cutter Leyte were lost by the wrecking of that ship off Samar, by the destructive storm of September 26, full details of which are just being received.

The District grand jury today returned indictments against F. A. Peckham and Moses Haas, of New York, and Edwin S. Holmes, jr., former statician of the Agricultural Department. There are two counts against each, that of conspiracy to defraud the government and conspiracy to cause misconduct in office. The indictments are supplemental to those already returned against the men, who are charged with having been conspirators in the cotton leak scandal of the Agricultural Department. They are out on $10,000 bail each. Extradition hearings in the Haas and Peckham cases will be held in New York next month.

The official party will disband at Little Rock and only Secretary Loeb will accompany the President to New Orleans. He will reach Washington on the 31st.

Postmaster General Cortelyou was at his office this morniug for the first time since he left for his vacation in August. He at once took up departmental matters awaiting his attention. He anticipates making no statement in regard to the situation.

Elihu Root, the new Secretary of State, who was appointed to that position soon after the death of the late Secretary Hay, took charge of his office this morning. Mr. Bacon has not yet decided when he will take the oath of office and assume his new position but he will do so some time this week, probably tomorrow or Wednesday. In the meantime Mr. Loomis will continue to act. Mr. Loomis when asked what were his plans for the future said that they were not yet determined.

His first callers were Commissioner of Corporations Garfield and Chief Forester Pinchot, members of the Keep Cammission, who came to discuss informally the work of investigation of the various departments now in progress. President Roosevelt declined the invitation, as he also did that of H. P. Crouse and F. C. Greene, of Toledo, who wanted him to attend the Ohio Y. M. C. A. convention on February 22nd. Marcus Braun, the former immigrant inspector at New York, whose troubles with Hungarian police officials while he was in Hungary investigating the immigrant question, brought him prominently before the people, called to make an appointment with the President. It is believed that he will discuss with the President the reasons that impelled him to leave the service.

The force of the collision sent five of the coaches down a twenty-seven-foot embankment. One passenger is dead and five were seriously injured, while a score or more were slightly cut and bruised. Lover Attacks Jail.

Fired with the spirit of the grand old knights of the Middle Ages, George Schraudenbaugh, a young man of Carlisle, Pa., Saturday night resolved to rescue his lady love from a dungeon. His lady love is a convicted highway robber, but that made no difference to his true love, and he set to work to get her and another girl out of Cumberland county jail. At 2 o'clock yesterday morning Policeman Shearer discovered him on top of the jail, tearing a hole in the roof. Examination of the place shows that if he had not been disturbed he would in a short time have gained access to the cell in which the girls were confined. Shearer covered the man with his revolver, commanded him to remain where he was and then shouted for Sheriff Derr, who soon appeared, and Schraudenbaugh was promptly admitted to the jail and locked up. The girls whom Schraudenbaugh tried to rescue are Edna Hart, of York, and Mary Davis, of Harrisburg. They were convicted at September Criminal Court of highway robbery and felonious assault, having administered knockout drops to Thomas Zell, who visited them after his release from the Eastern Penitentiary. Sentence upon them has been suspended pending argument for a new trial.

Terrible Tragedy.

Mrs. Clarence Markham, of Cambridge, Ill., in a fit of temporary insanity on Saturday night killed her seven children with an axe, after which she placed their bodies on a bed, saturated it with coal oil and set fire to it. She then hacked her throat with a knife and threw herself on the burning bed. Neighbors rescued her, but she was so badly burned that she died soon after she had made a confession. The eldest child was nine years of age, and the youngest a baby in arms. Late that night Clarence E. Markham, husband and father of the victims of the tragedy, committed suicide by shooting. The funerals of the victims took place yesterday. They were buried in a single grave. Two plain black cloth coffins were arranged along with the seven little white caskets contsining the bodies of their children. Following the simple services strangers buried the family in one large grave. The only relatives were two sisters of the woman. With these exceptions the family is extinct, wiped out, the mother and children by her own hands, following years of sodden, depressed life, bearing children every year, struggling harder and harder to provide for them until the futility of the struggle bore in upon her and nerved her to end it all.

Arrest of Circus Manager.

London, Oct., 2.—Joseph McCaddon, who was at the head of the McCaddon shows, which became stranded in France, was arraigned today in the Bow street police court, and remanded for further hearing, under bail. The charges against McCaddon grew out of the failure of his circus and the warrant for his arrest was issued at the request of the French authorities, as he is accused of violating the French bankruptcy law. McCaddon was arrested just as he was boarding the American line steamer St. Louis to take the remains of his wife, who died in London, home for burial. He appeared in the court today dressed in mourning, and looking ill. He said his arrest was cruel, as his whereabouts were known to the French police and that he had made no attempt at secrecy. He would have stopped at Cherbourg, in any event, where he could have been taken by the French authorities.

The three women deserted their families and left with Snowden ten days ago, one passing as Snowden's wife, another as his sister, and the third as his aunt. Snowden is insignificant looking, while the women are all handsome. They say he is a Svengali, and they cannot get away from his influence when with him. Twenty-five years ago Snowden's father left Goshen and took a woman of wealth to Michigan, where she declared he placed her in a trance and married her while she was in such a state. The father's powers have apparently descended upon the son.

Both the men and women surrendered their coin and valuables. Then one of the bandits took Readn's revolver and threw it into the canal. They backed out of the house and escaped. Last night the women and their escorts returned to Philadelphia.

The impact was terrific, and the car somersaulted. Chevrolet was hurled through the air but landed in safety. Schetting was picked up from the wreckage and it was found that two of his ribs were broken. He was taken to the hospital here. Another Fiat car will be ready for the race.

United States Cruiser Aground.

Tokio, Oct. 2.—The Japanese steamer Taiwan reports that the United States cruiser Cincinnati is aground on Sime Island, off the Bungo coast. The Taiwan passed the cruiser there at one o'clock this morning. The cruiser was flying signals for assistance. She appeared to be hard aground and seemed to have been in that position for some time.

The commander of the Taiwan reported the matter at Moji a few hours after sighting the cruiser, and stated that her position appeared to be perilous.

The Taiwan is a small vessel, and was unable to offer assistance. It is probable that Japanese assistance will be offered to the stranded cruiser, unless the American squadron can be communicated with. The officers of the vessel had apparently given up hope of getting her off by her own steam. The Cincinnati is one of the largest American cruisers on the Asiatic station. She was on her way from Yokohama to Shanghai. It is believed she went aground some time during the night. The Cincinnati is a 3,000 ton protected cruiser, 300 feet in length on the waterline and forty feet of beam. She was built at the Brooklyn navy yard and was launched in 1892. She was entirely rebuilt in 1902, and is regarded as one of the finest warships of her class in she navy. She has had two serians mishaps, as in 1894, she struck a submerged rock near Execution Rock lightship, and in 1898, ran on a rock off Santiago.

London, Oct. 2.—A dispatch to Lloyds from Moji, Japan, says that the American cruiser Cincinnati, which went aground on Sime Island this morning, was floated, and has arrived there. The first attempts to remove the cruiser were ineffectual, and lighters were sent to her assistance.

New York, Oct. 2.—The name of the young man who was taken into custody yesterday on the charge of having obtained on a forged check, securities valued at $359,080, from the National City Bank, was made public today, at police headquarters. The man said his name was Henry Ambrose, alias Leonard, aged 24, and residing at No. 5 west 125th street. The building, at the address he gave, is occupied by a branch of the Young Men's Christian Association. Ambrose will be arraigned later in the Tombs police court. He has not been connected with the National City Bank, which was robbed, nor with Pearl & Co., the firm of bankers which had hypothecated with the bank, the securities that were purloined. He has for several years been the transfer clerk in one of the best known brokerage firms in Wall street. Half the securities which have been stolen have been recovered, and the rest are located and will be produced today. Ambrose, according to the police, happened to be present, when Pearl & Co. hypothecated the securities upon which they obtained a loan of $300,000.

Arrested in Boston.

The first arrest in connection with the finding in the harbor near Winthrop on September 21 of a dress suit case containing the torso of a woman, on whom, it is stated, an illegal operation had been performed, occurred at Boston yesterday when the police took into custody, on suspicion of being an accomplice in the case, William A. Haynes, of 52 Chamber street, West End, Boston.

William Allen Haynes belongs to a well-known Richmond family. His father is William B. Haynes, a Charles City county man, who has lived there many years.

Haynes lived in this city five or six years ago and was employed by the Virginia and Carolina Chemical Company. He has many friends here who say they do not believe that he had any connection with the murder.

Boston, Oct., 2.—The detention of William A. Haynes, who a number of years ago, lived in Richmond, Va., in connection with the suit case mystery, on the strength of the incoherent story of his friend, Samuel A. Wingfield, has not, the police assert, placed them any nearer a solution, but has caused them the loss of much valuable time and endless comment over the hysterical manner in which they apprehended the victim of an over loquacious friend. Haynes will be released today.

William A. Haynes, was not identified this morning by Joseph Berkman, the pawnbroker, as being the man to whom he sold the suit cases figuring in the harbor mystery. At 10.30 both Haynes and Wingfield were discharged.

Captain Willard Qualified.

Captain Joseph E. Willard was formally sworn in on Saturday before Justice John H. Ingram, of the Law and Equity Court in Richmond to succeed Henry Fairfax on the State corporation commission.

State Senator Henry T. Wickham now becomes acting lieutenant governor of the State in place of Capt. Willard.

Capt. Willard will not take an active part in the democratic campaign this fall on account of his connection with the corporation commission, the members of which are steering clear of political quagmires, but it is stated on good authority that he has contributed $2,000 to the campaign fund.

Captain Willard was asked Saturday night if he had anything to say regarding his qualification as a member of the commission. Captain Willard replied that he had resigned the office of Lieutenant-Governor some time ago, having handed his resignation to Governor Montague on September 25th, so that he would be ready at any moment to take his place on the commission. He also stated that he had disposed of all stocks and bonds in any transportation or transmission company which he owned in open market.

New York Stock Market.

New York, October 2, 11 a. m.—The most important news developments this morning, were the announcement that 700,000 pounds of south African gold had been purchased in London, for shipment to this city, and the offer of $10,000,000 bank money on the floor of the exchange at 6 per cent. There was a very large borrowing demand for stocks in the loan crowd. Large buying orders were in many of the most important active stocks at the opening, and all through the first hour.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constipational disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom thus preventing Catarrh of the Stomach. Dr. Newbrough of League, W. I have prescribed it for a number of my patients with good success" Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. Sold by W. F. Creighton & Co., 401 King street.

Torpedoes on the Track.

Some practical joker early last night placed three torpedoes on the electric railway track on King street, and when a train struck them they exploded with a deafening report, scattering fragments in every direction. A piece of one of explosives struck a well-known citizen on the leg, making a wound over an inch long, and he was compelled to secure medical aid. Another fragment struck a lady with whom he was walking and made a slight wound, which bled somewhat. A man who happened to be nearby was also struck and injured by a fragment of the explosive. Services in the various churches had begun and the congregations were startled by the reports of the torpedoes. Reference has several times been made in the Gazette to this dangerous species of practical joking. Somebody should be made responsible for such conduct, especially on a Sunday night, when King street is thronged with people. Railroad companies should see that torpedoes are kept out of the hands of irresponsible and thoughtless people.

Missionary Services.

The M. E. Church South was crowded yesterday at the morning, afternoon and night meetings of the Woman's Foreign Missionary Society of the Baltimore Conference. In the morning Rev. E. V. Regester, former pastor of the church, delivered an able and interesting sermon. At 3:30 in the afternoon there was a children' smeeting, at which a programme of exercises of the Martha Rodgers Flower Garden and Mount Vernon Shining Stars was well rendered. Addresses were delivered by Misses Tarrant and Waters.

The society met again at 9 o'clock this morning. After devotional exercises the session began. The society met again at 2:30 o'clock. To-night interesting features will mark the meeting. The programme of the Golden Links will be rendered, and Miss Tarrant will give a talk. The meeting will be presided over by Miss Melissa Hill.

River Improvements.

Lieut. Col. R. L. Hoxie, U. S. A., Corps of Engineers, is preparing plans for the improvement of several tributaries of the Potomac, and of other streams in the vicinity. According to the plans prepared by Col. Hoxie, Occoquan creek and Breton bay, both tributaries of the Potomac; Carter's creek, at the mouth of the Rappahannock river, and the Mattaponi and Paumunkey rivers, are to be deepened. The engineer officers are also preparing plans for further improvement of the Potomac in the vicinity of Washington as soon as the money for the work becomes available. It is stated that the channels near the capital city are to be deepened and the material excavated will be pumped upon the low portions of Potomac Park, which are to be raised several feet.

"Humpty Dumpty" Tonight.

The most attractive performance of the season will be the grand production of "Humpty Dumpty," which will be given at the Opera House tonight. The inimitable clown, George H. Adams, will be in the title role and will be assisted by a bevy of pretty girls and clever comedians. Among the most noted features of the performance will be that of the "Dance of the Butterflies" and "Eve, or the Birth of Woman." This latter act is one of the greatest now before the public and never fails to be roundly applauded at every performance. Manager Cooke has gotten a good company together and "Humpty Dumpty" is one grand amalgamation of brilliant scenery, beautiful costumes and a host of handsome show girls.

Excitement on a Steamer.

The 300 passengers on the steamer Macalister were startled yesterday afternoon, when volumes of dense smoke poured over her decks as the steamer was starting from Washington on her trip to Marshall Hall. The excitement increased as the boat turned and went to the engineer's wharf and the new fire boat Firefighter came alongside. But the boat was not on fire, as the passengers at first thought The issuing of the smoke was caused by a gasket on a stay bolt in the firebox blowing out, stopping the draft and causing the smoke to be forced through the doors of the furnace. The trouble was quickly remedied and the trip was continued.

New Railroad Arrangement

It is reported that the Chesapeake and Ohio Railway Company has about made arrangements where it will obtain trackage rights over the Baltimore and Ohio Railroad from Staunton to Harrisonburg, and thence over the Southern to Manassas, this city and Washington. The arrangements, if made, will very materially lessen the time between Washington and Cincinnati and Chicago and St. Louis. The route of the C. O. from Washington now is to Charlottesville and thence to Staunton.

The third Rhode Island Avenue Methodist Church football team, of Washington, defeated the third eleven of the Alexandria Athletic Association on Saturday evening by a score of 5 to 0.

The Fort Washington football team Saturday defeated the Alexandria eleven in the grounds on upper King street by a score of 5 to 0. A large crowd witnessed the game and cheered the local players, who were greatly outweighed by their opponents.

Woodward & Lothrop Announcement

Our Autumn-Winter Opening. This Monday October Second, and Following Days of the Week.

On this occasion will be shown the exclusive styles for the season, giving a comprehensive idea of the approved fashions as conceived by the foremost artists of Europe and America. In a measure, we have increased our importations and exclusive purchases as our facilities grew greater and we could do ample justice to both patron and purchase, and while the policy and ideal of the house have remained the same, we have profited by experience and indefatigable enterprise, until today it is our pleasure to announce that we have achieved the consummation of our aim, to build a store of goodly proportions and responsibility that our name would alone be a guarantee of reliability, pre-eminence and authority.

We, therefore, extend a cordial invitation to visit, inspect and enjoy with us the perfectly equipped and organized establishment which is the happy result of our knowledge of higher commercialism and its essentials, from which accrues unqualified success.

The rapid stride and development of the departments whose resources are drawn from European markets have enabled us to send abroad buyers in each particular line, and whose purchasing authority was unlimited. These have gathered together such vast treasures of merchandise that our store is literally representative of the shopping centers of Vienna, Berlin, Paris and London, embracing in part:

Parisian and American Millinery.

Refused to Land.

Six hundred and fifty laborers from Martinique, taken to Colon Friday on the French steamer Versailles under contract to work on the canal, refused to disembark or submit to vaccination, which is imperative under the American sanitary regulations. They clamored to be taken back to Martinique, asserting that they had been misinformed as to the conditions at Colon before they embarked, and that later they learned these conditions were intolerable and deadly. On Saturday morning, however, 500 of them were with difficulty persuaded to land, and these were sent to points along the line of the canal. One hundred and fifty remained on board, and declined to leave the ship under any consideration. These were forcibly ejected from the vessel yesterday afternoon by Panaman and canal zone policemen, but not until nearly every one of them had been clubbed, and several were bleeding from nasty wounds. All of Saturday and Saturday night the Versailles was guarded by Panaman policemen.

Early yesterday morning the French consul at Colon, M. Bonhenry, appealed to the men to listen to reason, explaining that they had left Martinique under constract with the canal zone emigration agent guaranteing the payment of their passage, and that while working on the canal they would have, in addition to their wages, the guarantee of free quarters and free medical attendance. The men, however, were not amenable to this reasoning. Notwithstanding the efforts of the consul and of the Panaman and American officials, and despite the information given them by several of their countrymen that health and other conditions on the isthmus were satisfactory, and that the terms of their employment would enable them to save money, they persistently refused to leave the ship, baring their breast and invading death in preference to going ashore.

Joke Leads to Suicide.

Frank Dawley, a mechanic, aged 30 years, shot himself in the right temple at his home, at East Port Chester, N. Y., yesterday, and will die. He has a wife and two children. Three weeks ago he accidently shot a neighbor, William Wason, in the thigh. He was not arrested and Wason is recovering. Someone told Dawley Saturday night that Wason would die and he would be arrested. It was told in a joke, but Dawley took it seriously, went home and got a revolver, announcing that he intended to commit suicide. His wife took the gun from him. Yesterday he found it again and committed the deed with a .32-caliber revolver. Physicians say he cannat recover.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.
